

NEWSLETTER April 2026

MESSAGE FROM CHIEF INVESTIGATOR

Dear colleagues,

Our next NIHR report will be submitted mid-May, and will include a site-level breakdown of recruitment up to the end of April. This reporting period provides an important opportunity for us to showcase progress across the study and recruiting 2 patients per month per site. We would especially welcome increased recruitment activity in the coming weeks, with a focus on supporting sites with lower recruitment to demonstrate measurable improvement. **Mr Angelos Kolias**

Recruitment update

Site	Principal Investigator	Recruitment
CUH	Mr Angelos Kolias	93
